You have Lutheran brothers and sisters in Siberia who need your help. These are faithful liturgical confessional Lutheran congregations and pastors who desire God's gifts and grace through His Word and Sacraments.

The Siberian Lutheran Mission Society is helping our fellow Lutherans as they “re-start” the Lutheran church after the Soviet times. They need our help to help provide support for pastoral care, much travel between parishes, and basic human need.

God tests faith. He tests us and He tests the Siberian Lutherans. They are tested in their need. We are tested in our abundance. They are tested in the humility of receiving aid. We are tested in the humble good work of giving aid.

Our Lutheran Confessions speak of good works saying, “*Through these works Christ celebrates His victory over the devil, just as the distribution of alms by the Corinthians (1 Corinthians 16:1) was a holy work, a sacrifice and battle of Christ against the devil, who labors so that nothing may be done to praise God.*” Apology V (III) 71/192

Please join us in this victory battle over Satan on behalf of your poorer brethren in Siberia. Please consider helping with:

- A door offering or two per year
- Placing us in your annual church budget
- Including us in your Day School or Sunday School offerings

Please watch our DVD in your Bible classes and other gatherings. It will give your congregation good insight into the great need of your fellow Lutherans and our work to aid them with mission and mercy funds. We hope that your congregation will be able to help in this holy work.
